Annual Report
2024

Vision

CREATE A CULTURE OF LIFE IN OUR COMMUNITY THAT IS SO
STRONG THAT ABORTION BECOMES UNTHINKABLE
REGARDLESS OF LEGALITY.

Mission

PATHWAY TO HOPE IS CALLED TO CREATE A CULTURE WHERE LIFE IS THE
ONLY CHOICE – THROUGH TRUSTING AND COMPASSIONATE
RELATIONSHIPS, EQUIPPING INDIVIDUALS WITH RESOURCES,
AND STRENGTHENING DIGNITY.

Dear Ministry Partner,

In 2024, God laid the groundwork for Team Hope to increase our reach to at-risk women—those who are considering abortion or are vulnerable to this choice. Thanks to the generous support of our partners, Pathway to Hope provided daily ultrasound, allowing us to assist 12% more at-risk clients, of whom 89% chose life for their unborn children!

Thank you to every prayer partner, donor, and volunteer! I am committed to responsibly stewarding the gifts of our donors, whether material or financial. Thank you for trusting us to use your resources to fulfill Pathway's mission. Our staff cannot carry out this vital work without the unwavering commitment of those dedicated to defending the voiceless. Please continue to pray for our vigilance as we work together *to create a culture where LIFE is the only choice.*

Serving Christ Abundantly for Life,

Tiffany Seifman

LETTER FROM THE
Executive Director

LETTER FROM THE *Development Director*

Dear Supporter for Life,

In 2024, we navigated a landscape that presented new challenges and incredible opportunities. With every decision, we remembered our mission to create a culture where LIFE is the only choice – through trusting and compassionate relationships, equipping individuals with resources, and strengthening dignity. Whether it was planning our annual Banquet theme, preparing the next social media post, or partnering with a like-minded marketing company to help us battle big tech, we remembered the mission.

This past year we were strategic in how we reach our clients. Through social media campaigns, we saw a 67% increase in website traffic which allowed a client to confidentially submit a request for help. However, with the rise in chemical abortions being the preferred method, we recognize that there is still **much work to do**. We are more determined than ever to reach the most vulnerable first, and our commitment to our mission remains steadfast.

This year has been a testament to Team Hope's resilience, dedication, and passion. Looking ahead, we are confident that God will continue to provide everything we need to carry out the mission.

For LIFE,

Joni Netzer

“

When I had my first ultrasound I couldn't look at the screen. I didn't feel deserving of a healthy baby and I just knew something would be bad. I cringed and cried and again lost my breath. The lovely woman on the other end smiled the whole time and said: “Look, look how perfect this baby is.” I then heard a woman praying in the corner. What was happening? Is this pure love? Someone is praying for me that doesn't even know me, and I just need to let it in. The light came through my heart just then and I said: “These women care.” I mean really care. I'm not just going to be another statistic. Look up and greet this life. Ready or not, because here he comes.

“I’ve learned so much during my CAP Program at Pathway. It’s given me more knowledge and what to expect as a parent.”

“We learned about Pathway to Hope online. My husband was looking for somewhere for us to get an ultrasound and that’s when we found Pathway to Hope!

After my ultrasound, the staff asked if I was interested in any of the programs. Once I learned more about the programs, I signed up for the Crib Award Program where I learned so many helpful things about parenting. My favorite part was the Bible study where I learned so much helpful information about biblical parenting and discipline. We are forever thankful to Pathway to Hope and everything they do. We hope to give back to Pathway so they can continue to pour into others and help other moms choose life even if they are in a difficult situation physically or financially.”
